Rich with pride, tradition, and equally committed to new ideas that will help prepare our students for college and career.

# NBHS CORE VALUES & BELIEFS

New Bedford High School students are 21<sup>st</sup> century scholars

New Bedford High School students are productive collaborators

New Bedford High School students are involved citizens

## ABOUT US

New Bedford High School (NBHS) is a public high school located in the West End of New Bedford, Massachusetts.

We are a nationally accredited school (NEASC) with graduates moving on to some of the finest colleges and universities across the country.

New Bedford is located on the South Coast of Massachusetts, 60 miles from Boston and 30 miles from Cape Cod and Providence, R.I. New Bedford is the world's most famous whaling era seaport and the number one fishing port in America. The city offers an array of historical and cultural attractions and is a vibrant community with a proud present, past, and future.

Our faculty and staff at NBHS are deeply committed to offering rigorous and interesting academic programming for all of our students through a multitude of course offerings that are designed to prepare them for college and career.

Ongoing targeted professional development that reflects a common understanding of high quality instruction is available to all teachers.

## ACADEMICS

New Bedford High School has adopted the Massachusetts High School Program of Studies called MassCore.

MassCore is a recommended rigorous course of study based on standards in Massachusetts curriculum frameworks that aligns high school coursework with college and workforce expectations.

MassCore is very closely aligned with admission requirements of Massachusetts public four-year colleges and universities and many other colleges and universities.

Also available to students at NBHS are additional learning opportunities such as Advanced Placement classes, dual enrollment, online courses, and service or work-based learning experiences.

## CAREER ACADEMIES

Career Academies focus on preparing students for post-secondary education while providing them with the skills and experience necessary to attain entry-level jobs. Students in career academies typically take both career themed and academic classes together. These courses are linked to academic and industry standards and encourage high achievement.

NBHS Academy Themes:

[Academy of Arts & Humanities](#)

[Academy of Engineering](#)

[Academy of Finance](#)

[Academy of Health Sciences](#)

[Academy of Information Technology](#)

NBHS is affiliated with the National Academy Foundation (NAF). NAF has refined a proven educational model which includes industry-focused curricula, work-based learning experiences, and business partner expertise.

In addition to rigorous academic programming, our students also have the opportunity to excel in athletics, art, and music.

New Bedford High School students are continuously recognized locally and nationally for their skills, talents, and sportsmanship.
